Professional Summary

MERN Stack Developer with a strong foundation in HTML, CSS, Bootstrap, JavaScript, Tailwind CSS, React, Node.js, Express.js, and MongoDB. Experienced in building responsive, user-friendly web applications and collaborating effectively in remote environments. Continuously strengthening backend development skills while gaining hands-on experience with full-stack application architecture, authentication, APIs, and database management. Passionate about creating clean, scalable, and efficient solutions, and currently seeking opportunities to contribute and grow as a Full-Stack or Frontend Developer.

Technical Skills

Programming Languages: HTML5, CSS3, JavaScript (ES6+)

Frontend Technologies: React.js, Tailwind CSS, Bootstrap

Backend Technologies: Node.js, Express.js

Database: MongoDB

Tools & Platforms: Git, GitHub, VS Code, Chrome DevTools, Postman, Vercel, Netlify
